

Appointment of AAT Trustee Board Chair

August 2026

Project code: QBREH

Introduction

Thank you for your interest in serving as Chair of AAT's Trustee Board. The Chair will provide independent oversight and strategic leadership to accelerate delivery of AAT's 2030 strategy and vision in support of our charitable objectives.

AAT is the Association of Accounting Technicians, the world's leading professional body for accounting technicians. It is a UK company, limited by guarantee, registered as a charity, and its subsidiaries are AAT Botswana and Accounting Technicians (Services) Limited.

We develop finance qualifications that ensure businesses can draw upon skilled people, fully equipped to meet challenges head-on. We believe everyone should have the opportunity to unleash their career ambition – so we make it happen. We break down barriers, empowering more people with real-world expertise valued by organisations in all sectors.

AAT is also a major awarding organisation, supporting tens of thousands of learners each year with award-winning NQF L2-L4 qualifications. These are valued by employers and recognised by all four of the UK's qualifications authorities, as well as a number of international regulators. By some measures, AAT is the largest provider of accounting and finance skills in the UK. With more than 85% of all accounting apprenticeships undertaken in the UK underpinned by AAT qualifications, it is the market leader in accounting apprenticeships. AAT's qualifications and short courses also extend beyond trainees, with more than 5,000 employers relying on AAT to upskill or professionalise their talent.

As part of the AAT community, our nearly 137,000 members and students belong to an inclusive association of accountancy professionals around the world. With access to a network of insights, opportunities and lifetime learning, we help keep skills up to date, relevant and ready for business.

We are committed to being an inclusive and welcoming place to work. We encourage applications from diverse candidates and make recruitment decisions based on skill and experience. We are a disability-confident committed employer and have signed up to the Race at Work Charter. We have also signed up for the Women in Finance Charter, and in 2022 we exceeded our target for appointing females into senior positions.

AAT's Governance structure

AAT's refreshed governance structure, approved by members at the 2024 Annual General Meeting, has now been fully implemented. The changes were designed to reflect AAT's values and to align with the Charity Governance Code, raising expectations of what effective, transparent and accountable governance should look like.

At the heart of the structure is the AAT Trustee Board, which acts as AAT's governing body and is the highest decision-making authority. Led by the Chair and made up of 12 Trustees – a balanced mix of AAT members and independent appointees – the Board operates on a skills-based model to ensure it has the capability, experience and diversity needed to guide AAT's strategic direction and long-term sustainability.

Supporting the Board are three Board Committees, each chaired by a Trustee and comprising Board members. These committees work closely with AAT's two Compliance boards – the Professional Regulation and Standards Compliance Board and the Awarding Organisation Compliance Board – to provide assurance across core areas of AAT's regulatory responsibilities.

The governance framework is further strengthened by the Members' Advisory Council (MAC). With up to 50 members and chaired by the AAT President, the MAC brings together a broad cross-section of the membership to provide insight, advice and member-led perspectives. It plays an important advisory role, offering feedback and recommendations to the Board on issues that matter to the wider AAT community.

The role

AAT is seeking an outstanding Board Chair who will be a Trustee and a non-executive director.

Candidate Profile

The Chair will provide independent leadership to the Board of Trustees, setting high standards of governance, decision-making and accountability. Candidates should have significant experience chairing boards and committees, a strong understanding of charity governance, and the ability to build constructive challenge and consensus.

They will bring sound judgement, integrity and discretion, and be confident operating in complex governance and stakeholder environments, engaging effectively with members, partners and external stakeholders. They will understand the responsibilities of a Trustee and the duties of a non-executive director and will act as an ambassador for AAT's mission and values.

The Chair will work closely with Board members, the President, the CEO and Executive Leadership Team to set strategic direction, oversee performance and risk, and support effective organisational leadership. They will ensure Board priorities advance AAT's strategy and charitable objectives, and that governance and culture enable delivery and impact for members, learners and the wider public.
